BELLAGIO

"Interprete di uno stile "dolce vita" aristocratico ed esclusivo, Bellagio è cittadino del mondo anche se con un nome così italiano, per dichiarare con forza il DNA della realtà industriale che lo ha fatto nascere. Nonostante il suo nome maschile Bellagio è donna e se dovessi descriverla sarebbe sicuramente cosmopolita, colta, raffinata, eclettica, vanitosa e soprattutto....bella."

Matteo Thun con Antonio Rodriguez

"Revealing an aristocratic, exclusive, "dolce vita" style, Bellagio is a citizen of the world even with its quintessentially Italian name, and powerfully reflects the industrial reality that created it. Despite its masculine name, Bellagio is female, and if we had to describe her, she would certainly be cosmopolitan, cultured, refined, eclectic, vain, and above all....beautiful."

Matteo Thun with Antonio Rodriguez

"Interprète d'un style "dolce vita" aristocratique et exclusif, Bellagio est un citoyen du monde, bien qu'avec un nom si typiquement italien, qui déclare avec force l'ADN de l'entreprise qui l'a créé. Malgré son nom masculin, Bellagio est femme. Si je devais la décrire, elle serait certainement cosmopolite, cultivée, raffinée, éclectique, mais surtout...belle."

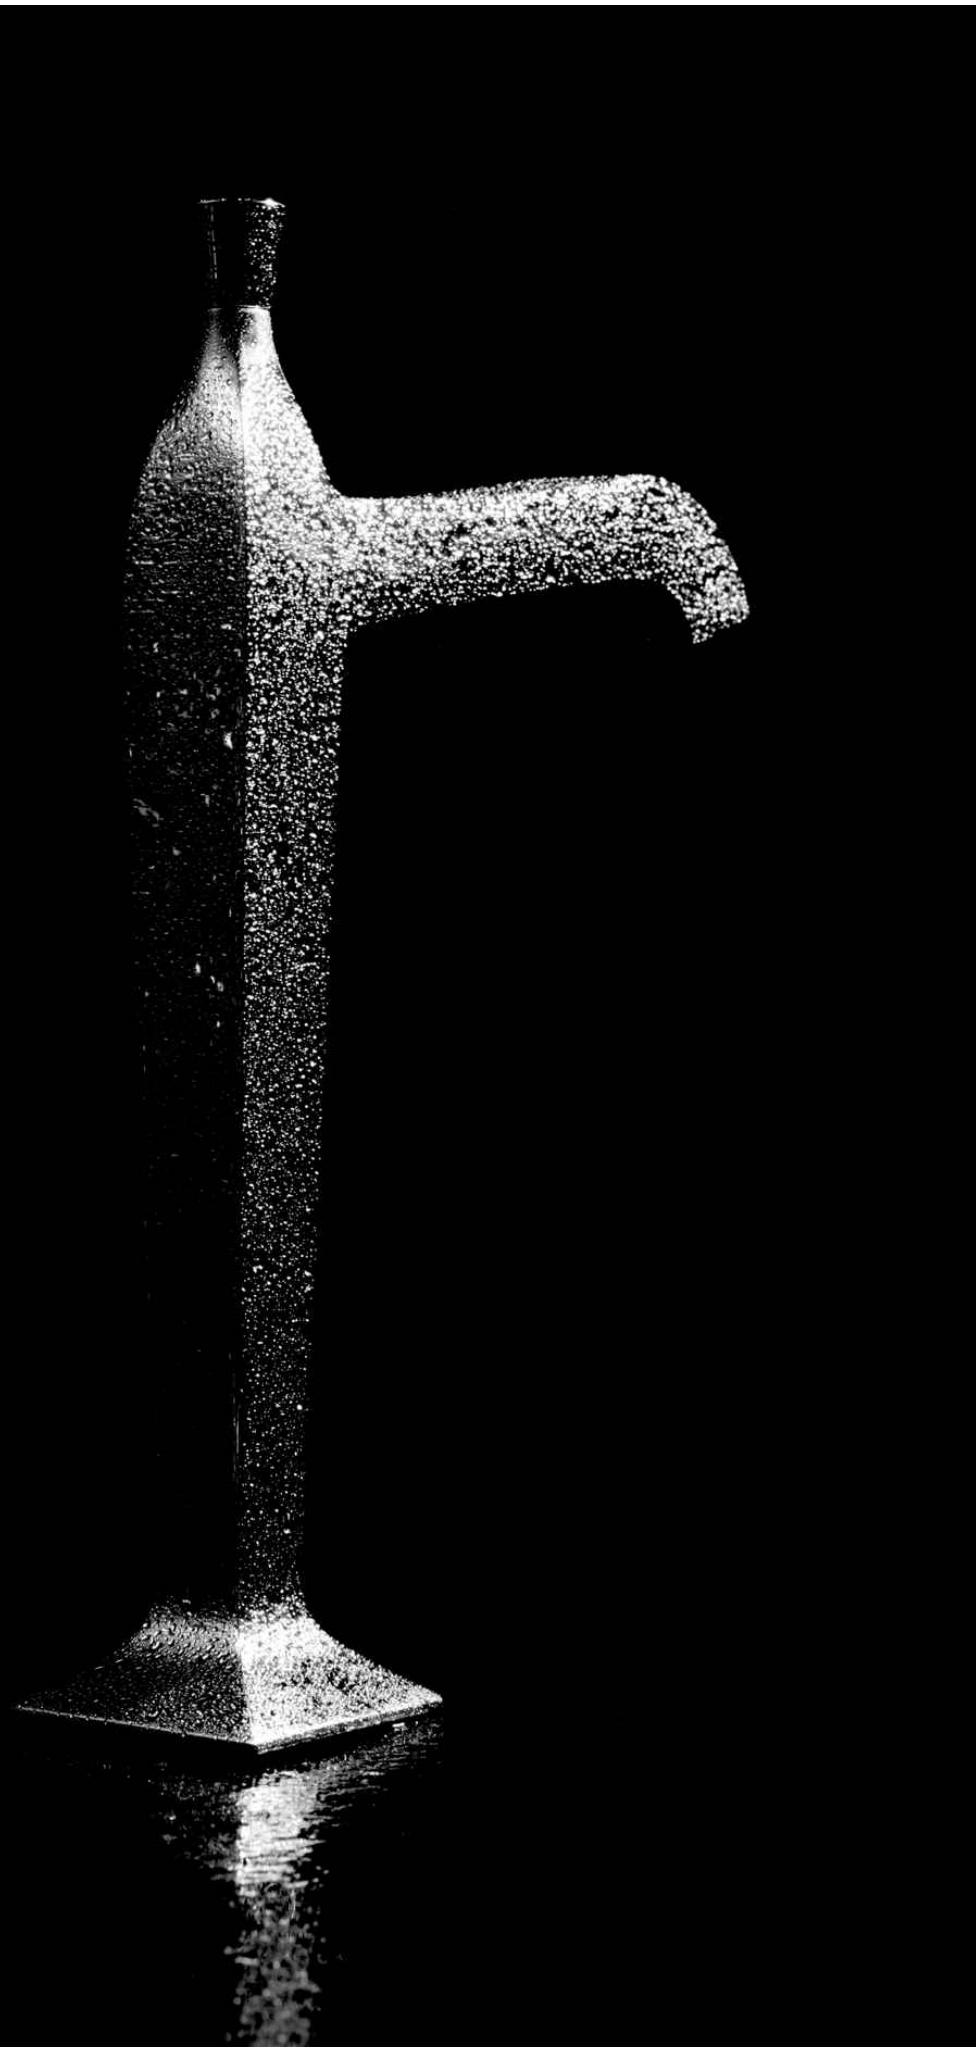

Matteo Thun avec Antonio Rodriguez

"Die Interpretation des aristokratischen und exklusiven "Dolce Vita"-Stils. Trotz des ganz italienischen Namens, der die DNS derjenigen Industrierealität zum Ausdruck bringt, die ihn zum Leben erweckt hat, ist Bellagio in der ganzen Welt zu Hause. Trotz seines männlichen Namens ist Bellagio aber weiblich, und wenn ich ihn beschreiben sollte, dann würde es sich sicherlich um eine kosmopolitische, kultivierte, raffinierte, eklektische, eitle, vor allem aber...schöne Dame handeln."

"Intérprete de un estilo "dolce vita" aristocrático y exclusivo, Bellagio es ciudadano del mundo aunque con un nombre tan italiano, para declarar con fuerza el ADN de la realidad industrial que lo ha hecho nacer. Matteo Thun

Allievo di Kokoschka all'Accademia di Salisburgo. Nel 1975 si laurea in architettura presso l'Università di Firenze con Adolfo Natalini. Si trasferisce a Milano nel 1978, collabora con Ettore Sottsass, con il quale nel 1981 fonda la Sottsass Associati ed il Gruppo Memphis. Dal 1983 al 1996 gli è affidata la cattedra di design presso l'Università di Arti Aplicate di Vienna. Nel 1984 fonda sempre a Milano il Design Studio, oggi composto da un team di 40 architetti, designers e graphic designers. Lo studio offre un servizio completo a clienti internazionali sviluppando progetti che abbracciano campi diversi dall'architettura al design e alla comunicazione.

Matteo Thun e Zucchetti. Nel 2001 disegna per Zucchetti la fortunatissima collezione Isy, esaltazione del funzionalismo e dell'essenzialità, composta da 5 famiglie di prodotti: Isystick, Isyligne, Isyarc, Isycontract, Isybago. Nel 2003 arricchisce al collezione Isy con la nuova serie Isyfresh. Nel 2004 cambiando invece completamente approccio al progetto ed al prodotto firma la raffinata collezione Bellagio.

A pupil of Kokoschka at the Academy of Salzburg, in 1975 he graduated in Architecture at the University of Florence where he studied with Adolfo Natalini. In 1978 he moved to Milan where he worked with Ettore Sottsass, with whom he established Sottsass Associati and Gruppo Memphis in 1981. Between 1983 and 1996 he held the Chair of Design at the Vienna University of Applied Arts. In 1984 he set up the Design Studio in Milan, which now boasts a team of 40 architects, designers and graphic designers. The studio offers a full service to international clients and its projects encompass fields ranging from architecture to design and communication. **Matteo Thun and Zucchetti.** In 2001 he designed for Zucchetti the highly successful Isy collection, which epitomises functionality and essentiality and comprises 5 product families: Isystick, Isyligne, Isyarc, Isycontract and Isybago. In 2003 he added the new Isyfresh series to the Isy collection and in 2004 he introduced a radically new approach to design and product with the sophisticated Bellagio collection.
